

Put talent in motion.

Partnership overview

DRAFT OVERVIEW / NOT THE OFFICIAL SEASONAL SPONSOR PACKET

01 **Students engineer. Supporters enable.**

Texas A&M Formula Electric owns the active student team, cars, engineering, and competition program. AERAA connects alumni, donors, and sponsors with ways to support this work.

02 **Bring resources to ambitious work.**

Explore financial contributions, materials, components, machining, software, equipment, travel support, and technical mentorship. Specific priorities are confirmed with AERAA and the student team.

03 **Build a partnership that fits.**

Discuss recruiting engagement, technical collaboration, brand recognition, and alumni connections. Benefits and commitments are agreed individually. No competition or audience metrics are claimed in this draft.

04 **Start the conversation.**

Visit the Sponsor page to share your goals and contribution interests. Learn about the current car, students, and engineering at tamuformulaelectric.com.
